### JARBIDGE CAMP IS REPORTED LIVELY

#### BLUSTER MINING COMPANY NOW PUTTING IN TEN STAMP MILL

C. G. Winters, mining man of Jarbidge, was in Elko Wednesday and feels unusually optimistic over the outlook for his camp, where there now are a number of active properties and some 500 people, says the Elko Free Press.

The Bluster Mining company is putting in a 10-stamp mill, with 950-pound stamps of the Allis Chalmers type. This company is also constructing a tram from the mill to the river 1,500 feet in length; likewise will be in shape to mine to the utmost capacity of this very promising property. The machinery, all bought and paid for, is in Rogerson, Idaho, on its way in.

Pick and Shovel property at Jarbidge is looking fine, better than for years; exceptionally well for the amount of work done.

The mining firm of Macrea, Escalante & Martin have their lease down 40 feet in the shaft, with no hanging wall yet in evidence. They expect to crosscut at 50 feet. This property is sacking and shipping ore.

The Elko Mining company is running steadily, and has been for at least one year past. This is, in reality, the famous Potter Palmer estate of Chicago, which also controls and works the mines at National, Nevada.

The Success group, while idle, has a showing of \$170,000 net in ore blocked out, according to an estimate made by J. A. Batcheller, a conservative mining engineer, whose home address is Boston, Mass. "Net" in this case means five cents for milling and mining. There is in the Success a great deal more of possible ore, which, while not actually uncovered, is really in sight.

The ore of Jarbidge, in the one mill working, is plating and amalgamating better than 72 per cent, which is the same character of ore in Pick and Shovel, the Bluster, Success and Flaxie mines. The Flaxie is looking exceptionally good at this time.

NEW YEAR DANCE BY KNIGHTS OF COLUMBUS  
The Knights of Columbus of Tonopah will give a dance on New Year eve in their hall on Brougher avenue tomorrow evening. Lady and gentlemen friends of the order are invited to attend. Refreshments will be served at midnight.

### INDIAN TROOPS NOT TO BE UNDERRATED

(By Associated Press.)

AMSTERDAM, Dec. 30. — The Frankfurter Zeitung publishes the following letter from a German officer, commenting on the prowess of Britain's Indian troops:

"Today for the first time we had to fight against the Indians, and the devil knows those brown rascals are not to be underrated. At first we spoke with contempt of the Indians. Today we learned to look at them in a different light. For three days we were shelled continuously; the British thought we were pounded to a jelly, so they sent us a little surprise in the shape of a visit from their brown allies.

"Satan only knows what the English had put into those fellows. Those who stormed our lines were either drunk or possessed with an evil spirit. With fearful shouting, in comparison with which our hurrahs were like the whining of a baby, thousands of these brown forms rushed upon us as suddenly as if they were shot out of a fog.

"We opened a destructive fire at a hundred yards. It mowed down hundreds, but in spite of that the others advanced, springing forward like cats an surmounting our obstacles with unexampled agility. In no time they were in our trenches, and truly these brown enemies were not to be despised. With butt-ends, bayonets, swords, and daggers we fought each other, and we had bitter hard work until our reinforcements arrived and we drove them out of the trenches."
